**PITTSFIELD,**

**MAINE.**

PITTSFIELD, Me., March, 1894.

Dears Sirs:

We herewith present our new Catalogue, in which we have placed a few cuts of our work. Of course it is impossible for us to give here more than a small idea of the large business we are engaged in and the great variety of work which we execute. It is sufficient to say that we carry one of the largest and most varied stocks of Rough Lumber and House Finish to be found in Eastern Maine.

We pay especial attention to getting out first-class work.

We have lately erected a building for kiln-drying lumber. It is our invariable rule to see that our Finish is thoroughly kiln-dried before it is used.

You will find our prices as low as elsewhere, the quality of material considered. We fill all orders promptly.

Hoping that we may be favored with a liberal share of your patronage, we remain,

Yours, Respectfully,

BRYANT & WOODRUFF,

PITTSFIELD, MAINE.

---

### Stair Work Furnished to Architects' Designs.

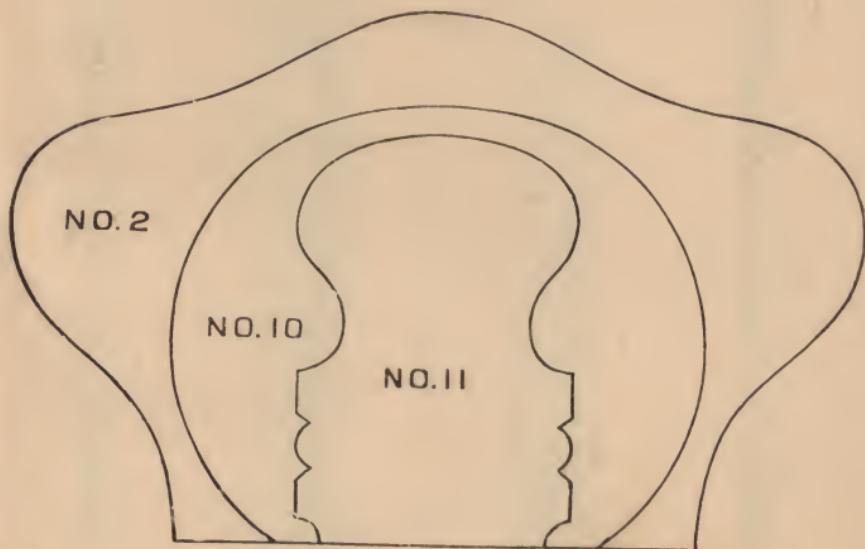

---

In ordering, please notice the following

#### DIRECTIONS:

1. Give number and sizes of Newel Post, Rail and Balusters: what Frame-post is wanted, if any. It would be well, when ordering, to give a sketch or drawing of stairs.
2. In ordering give us the exact rise and run of your stringer as sawed in the rough.
3. Give number of *Risers* instead of number of steps.
4. Length of Rail on gallery, measuring from face of gallery board, we allowing for all projections of nosings.
5. If the stairs are straight, with a continued rail at landing, state how much the well-hole sets in back of the face of the top riser, giving the radius of well-hole; and if landing-post is to be used, state if well-hole is square; if not, give the radius.
6. If the stairs are circular, make a diagram, and give the exact width of each step on face stringer, as sawed, giving size of well-hole.
7. In all cases, state whether the Rail is on right or left hand going up stairs, and which is wanted—Straight or Side Ease.

\* HAND RAILS. \*

We make a specialty of  
Fine Stair Work.

\* PLEASE SEND FOR ESTIMATES. \*

ALL KINDS OF HARD WOOD FLOORING IN STOCK.

---

**FANCY TURNED BALUSTERS.**
